**Watersports
and
Nature**

You can only see something if you know what to look for

Discover the wonderful seabed and Sardinian Coast with a Team Of Marine Biologists and scuba instructors.

Our club links watersports and environmental education.

We are a team of nature experts and watersports lovers, convinced that the Seaworld is a fragile treasure and it's our duty to preserve it.

We offer both sea and land trips, and thanks to the latest technology (such as underwater transmitters) our biologists are always able to describe the places explored live and direct.

**the new
experience**

BLUEDISCOVERY UNDERWATER AUDIOGUIDE

An innovative device with wireless technology created by Blue Discovery. The new Underwater Audioguide allows our Marine Biologists to transmit in real time the description of the underwater environment to sea explorers (snorkelers or scuba divers).

During the underwater excursion, Blue Discovery Biologists uncover hidden sea treasures otherwise invisible to the untrained eye.

Our latest technology provides observers with a fully immersed seaworld experience.

Thanks to our Audioguide we offer services specifically tailored to different levels of expertise:

NEWSNORKELING, NEWDIVING & DISCOVERY VOYAGES.

New Snorkeling

A completely new type of activity, recently designed by our Marine Biologists: it employs a **Wireless Audioguide System**, which allows the snorkeller to follow **underwater live explanations through underwater headphones**

New Diving

Our innovative **AUDIOTOUR** now also available for scuba diving. Similar to **New Snorkeling**, the Diver is provided with a scuba tank.

Discovery Voyage

A mix of interactive theory lessons and hands of practice. We offer a wide array of **Marine Biology Courses**, including: **Snorkelling, Scuba Diving, Stand Up Paddle, & Sailboat**

Scuba Diving Courses:

Baptim of the Sea.....80€

Underwater activity introduction program

Duration: 1,30/2 hours

The Baptim of the sea will provide participants with the exciting sensation of breathing underwater

including:

- 1 academic lesson of about 20 minutes
- Some simple exercises in confined water
- Underwater exploration within 4m depth

Introductory Scuba Diving*.....150€

Learn to dive in half day

Duration: 3/4 hours

A fantastic new experience tailored to people from 10 yers old (including complete beginners).

ESA beginners course including:

- 1 academic lesson of about 40 minutes (equipment description and all necessary techniques to prepare participants for an easy and safe immersion)
- 1 confined water dive dedicated to learn and practice underwater breathing techniques in 2 m depth
- 1 open water dive within 10m depth (6m for Junior diver)

Certification courses:

Get your certification!

ESA New Diver course.....240€

This certification can be chosen by whom desires a gradual approach with the diving activities or prefers to dive under the supervision of a diving professional in shallow water (10 meters). The course consist in 2 academic lessons, 2 confined water sessions and 2 open water dives.

ESA Open Water Diver course.....390€

This course gives all the theoretical and practical knowledge to be able to safely dive within 18 meters depth in a buddy team, with another diver with an Open Water certification or more. There are, as minimun training, 5 academic lessons, 5 confined water sessions and 4 open water dives.

ESA Advanced Diver course.....390€

During this course the diver learns fundamental techniques in different diving subjects such as : diving with a computer, buoyancy control, uw navigation, deep diving and night or naturalist dives.

ESA Prevention & Rescue Diver course.....390€

This course presents the fundamental techniques and preparation to being able to prevent or collaborate in a diving rescue operation. 6 academic lessons and 4 practical units form the course. A minimum of 20 dives is required to start the course.

Peter Diving System:

DIVE WITHOUT A TANK ON YOUR BACK!

PDS Course70€

Duration: 1,30 hours; Including:

- 1 Academic Lesson
- Some simple exercises in water
- 1 Dive with Peter Diving System

Snorkeling:

1 Snorkeling.....39€

(Duration: 1,30 hours)

1 Newsnorkeling.....50€

(Duration: 1,30 hours)

Snorkeling course.....60€**

Duration: 2/3 hours; Including:

- 1 Academic Lesson
- Some simple exercises in water
- 1 Snorkeling Excursion

Surf:

SURF course.....70€

Duration: 2 hours;

Including:

- 1 Academic lesson (equipment and techniques)
- Some simple exercises on the beach
- 1,30 hours surfing

Stand Up Paddle:

Easy to learn! For Everyone!

1 Stand Up Paddle.....39€
(Duration:1,30 hours)

SUP course*.....60€**

Duration: 2/3 hours;

Including:

- 1 Academic lesson (equipment and techniques necessary to prepare participants for a safe and funny excursion)
- Some simple exercises in confined water
- 1,30 hours excursion in SUP

prices based on 4 pax minimum
except for:

Discovery Voyage 1, Discovery Voyage 2,
Baptim of the sea, PDS, ISD and Surf course
based on 2 pax minimum

price are subject to change without notice
